## U.C. STUDENT FACES COURT FOR TRAGEDY

Youth Charged With Running Down and Instantly Killing Mrs. Marion Forrest Last January, to Give Version

Morning Session Is Devoted to Obtaining Jurors in Case Where Police Say Car Was Going Fifty Miles An Hour

Harold Gravem, student at the University of California, appeared in the local Superior Court before Judge Lin Church today on the charge of causing the death of Mrs. Marion A. Forrest at Thirty-second street and Telegraph avenue in January, when the automobile in which he was riding struck her who was enroute to the sound. The morning session of the trial, which started late because of other matters in the department, was occupied in an effort to obtain jurors.

The police court records of the case, when Gravem was held to answer, indicated that Gravem was bound for Oakland with his friends on their way to a game, and that they met Mrs. Forrest. Mrs. Forrest, as she emerged from a street car, The police reports were that her car was traveling fifty miles an hour at the time he claimed it was going but twenty miles an hour. The police say it skidded for 100 feet after striking Mrs. Forrest before he could bring it to a standstill.

### BATTLE OPENS OVER QUESTION TO TALESMAN.

With a battle launched at the outset over the wording of a question proposed to the first prospective juror examined, the opening of the trial gave every indication of developing into one of the most vigorous in the history of Alameda county.

The question which started the dispute was propounded by Deputy District Attorney Frank Shay to Hugh Flynn, the first of the jury panel to be examined. He was asked if he would find the defendant guilty if it were shown that he had killed Mrs. Forrest while performing an unlawful act. Attorneys Phillip G. and F. G. Ostrander, who had their feet in an instant with an objection, contend that the question left out the matter of intent and negligence.

After a flare of verbal pyrotechnics and a bombardment of authorities, Judge Church sustained the objection.

The indications were that the selection of a jury will require at least a full day.

### ONE PROSPECTIVE JUROR TEMPORARILY PASSED.

Flynn was temporarily passed. Others who have been called into the box are: Henry Lamp, 144½ Chestnut avenue; Herbert M. Ashley, 508 Foster street, Oakland; George W. Witman, 225 Alameda avenue, Alameda; Robert E. Moore, 4180 Howe street, Oakland; Ida V. Wallace, 1621 Twelfth avenue, Oakland; Isaiah Jordan, 1020 Peralta street, Oakland; Mrs. Ellen Hendy, 142½ Walnut street, Alameda; Mrs. Elizabeth Strobridge, San Lorenzo; J. M. De Freitas, Hayward; Walter D. Litton, 2016 Eagle avenue, Alameda; and Albert C. Earl, 148 Ricardo avenue, Piedmont.

**Officer Pierce Sentenced for Franco Beating**

Policeman Who Broke Prisoner's Ribs Must Go to Jail or Pay Fine.

Policeman Powell Pierce was sentenced today by Police Judge Herbert D. Wise to 8½ days in jail or a fine of \$175 following his conviction of brutal mishandling of Manuel Franco, an aged man, whom he placed under arrest some months ago. Frank Carr, attorney for Pierce, filed notice of appeal to the superior court, and Judge Wise fixed the policeman's bail at \$250 cash or \$500 bond.

Evidence submitted in the trial was to the effect that Pierce had broken one of Franco's ribs and stove in his chest in making the arrest, although Franco is an elderly man and physically much smaller than Pierce. Firemen told of hearing Franco's shrieks for mercy while Pierce was placing him in a lock-up at the firehouse where they were on duty.

Judge Wise denied the motion of counsel for Pierce for a new trial.

"So far as this court is concerned, it believes that a large amount of leniency should be exercised in battery cases, especially where a blow is struck in the heat of passion, and then the man who is on duty.

Judge Wise denied the motion of counsel for Pierce for a new trial.

"But in this case I can see no room for such leniency. The facts of the case are too clear. There is no room to doubt that Franco, who was practically helpless in the hands of a man of Pierce's size, was beaten, and that unnecessary force was used in his arrest."

Woman Suffrage in California Best For Us, Says Stephens

(By Associated Press)  
LOS ANGELES, May 20.—Governor Stephens today received a telegram from the Louisiana Suffrage Ratification Campaign Committee informing him that letters had been sent to each member of the general assembly at Baton Rouge, urging a vote adverse to ratification and alleging that suffrage in California was a failure. He was asked for a statement. In response the governor telegraphed the general assembly as follows:

"Political is cleaner, government better administered and the moral welfare of the people more intelligently and effectively promoted in California because of woman suffrage. Equal suffrage has justified itself in every way—no exceptions. It was carried by about three thousand to two thousand. The morning session of the trial, which started late because of other matters in the department, was occupied in an effort to obtain jurors.

The police court records of the case, when Gravem was held to answer, indicated that Gravem was bound for Oakland with his friends on their way to a game, and that they met Mrs. Forrest. Mrs. Forrest, as she emerged from a street car,

## DR. LACHMAN TELLS STORY OF AMNESIA

Suffragists Plan March on Chicago If Delaware Fails

By MILDRED MORRIS,  
International News Service Staff Correspondent  
WASHINGTON, May 20.—If Delaware again fails to ratify the suffrage amendment, a great protest army of women will sweep upon the Republican convention in Chicago "to demand the reason why," militant suffragists announced today.

Thousands of women throughout the country are waiting for the rallying call "On to Chicago," said Mrs. Benigna Green Kalb of Houston, Texas, secretary of the farm women's national council.

"I shall walk to Chicago if necessary," said Mrs. Kalb, "and thousands of other women are willing to do likewise. We shall walk in without permission and turn it into a suffrage demonstration."

Miss Emma Wold of Portland said large delegations from the Pacific Coast would join the "On to Chicago" movement if the Republicans of Delaware fail to act.

"The women have waited long and patiently," said Alice Paul, leader of the militants. "If necessary, we shall resort to more aggressive methods as the way opens."

As one who had returned from the grave, Dr. Arthur Lachman, distinguished scientist of San Francisco, who has been missing for six months and has been mourned as dead, is today seeking to adjust himself to his old surroundings. Lachman, according to his wife, and to a brother-in-law, Morris Ballou of Berkley, has been a sufferer of amnesia and it was not until yesterday that he regained his mental faculties.

The search for Lachman has extended throughout the country for the last half year and has been furthered by the offering of a reward of \$1000 in information concerning the missing man. When one clew after another failed, Mrs. Lachman became convinced that her husband had met with death and withdrew the reward two weeks ago.

**BROTHER RECEIVES FIRST INFORMATION**

Yesterday Charles Lachman, a brother, received the following telegram from Chico:

"Leaving Chico. Due San Francisco 6:30 p. m. Cannot understand matters."

When the message was received at the Lachman home, 143 Fourteenth street, San Francisco, Mrs. Lachman,通知 her brother in Berkley, and arrangements were made to meet Lachman.

Worn and shabby, but with his mental faculties apparently restored, Lachman arrived at his home and was the center of a dramatic reunion with his wife and fourteen-year-old daughter. He said that he awakened yesterday morning to find his son was not at home, and arranged to meet Lachman.

Worn and shabby, but with his mental faculties apparently restored, Lachman arrived at his home and was the center of a dramatic reunion with his wife and fourteen-year-old daughter. He said that he awakened yesterday morning to find his son was not at home, and arranged to meet Lachman.

"When I awoke this morning I was not at home," he said. "I am glad to be home. It seems like the end of a bad dream."

It is believed a fall or shock in the way the burglar threw the body of Mrs. Goldstein down toward the stairs. The husband stopped, placed her carefully on a landing, and disregarded the threats of the burglar, who then fled.

"The burglar was shot for the aged man and the stowaway intruder,"

CORPORAL J. L. Sternitzky, who reached the scene a few minutes later, advised that Goldstein had put up a valiant struggle in defense of his home and that the old man's persistence in the fight had frightened the burglar away. There was nothing taken from the home.

**LACHMAN REMAINS AT HOTEL FOUR DAYS**

According to Night Clerk Don McLean of the Hotel Oaks at Chico, Lachman registered at the hotel there on May 15 as "A. Lachman, San Francisco" and ordered his meals served in his rooms. After a day passed in bed he appeared occasionally, and there was nothing abnormal in his actions, the clerk said. At one time he said he had just completed a vaudeville tour.

Mexican City papers yesterday reported that Carranza was at Zacatlan, east of Mexico City. In the direction of the Tuxpan oil district, today's State Department summary said. They also reported General Obregon as returning to Mexico City from San Luis Potosi without having completed his proposed trip to Tampico for conferences there with Generals Arnulfo Gomez and Manoel Palme.

Preliminary arrangements for an extra session with the Mexican Congress were made, and it was said the Gonzales party probably would nominate General Obregon as candidate for President.

Advices to the department from Manzanillo said revolutionary forces took over the state of Colima May 11.

MEXICO CITY, May 20.—Secretary Daniels paid tribute to the first American sailor and marine dead of the world war to be brought home from overseas.

At preliminary ceremonies in the New York navy yard more than 150 gold-draped caskets which were landed by the transport *Nereus* last night, it was decided upon the nation to "ever bear mind that they made the supreme contribution on the altar of their country—reverently, solemnly and as courageous men always go into battle."

Of the bodies, twenty-five will be buried in the National Cemetery at Arlington on Saturday. The others were claimed by relatives.

Among them was the body of one civilian, Llewellyn Snowdon of the American Legion at Rome.

**Sugar Dealers and U.S. Agents Confer**

WASHINGTON, May 20.—Another series of conferences between sugar dealers and the Department of Justice were held today. Attorney-General Palmer and Assistant Attorney-General Garvan will meet with a delegation of sugar importers, but officials would not say what specific subjects would be taken up.

NEW YORK, May 20.—Broadway and Fifth avenues today have the appearance of a huge bazaar counter. Scores of merchants joined in the price-cutting movement.

Newspapers continued to carry columns of advertising announcing sales.

## LOWER FOOD PRICES ARE PREDICTED REPUBLICAN NOMINATION IN BALANCE

Tightening of Credit Forcing Stocks of Speculators in Commodities of All Kinds on Markets in Big Cities

G. O. P. Has Chosen 899 of Its 984 Delegates and 534, More Than Majority, Will Go Without Instructions

(United Press Summary).

Food today joined with clothing and other commodities in the downward sweep of prices. Although the slump in food prices was not general, reported mainly from southern points, leading wholesale grocers in northern cities and government officials, it was expected that food quotations would soon be lowered throughout the nation.

The contraction of credit is expected to force on the market goods which are being held by speculators.

The liquidation of loans ordered by the Federal Reserve board has been proceeding quietly throughout the country.

The stock market continued to drop today. United States Steel, regarded as the "indicator" of the market, was off 20 points from the high of the year.

Another important factor in the slump of prices was the falling off in exports. The department of commerce announced today exports were \$135,000,000 less in April than in the previous month.

**JOHNSON, WOOD AND LOWDEN LEAD FIELD**

Senator Hiram Johnson of California, who commands an even number of votes, is second, while Governor Frank O. Lowden of Illinois, with 73 votes pledged to him, is third. Senator Warren J. Harding of Ohio has 59 votes from his home state. There are however contests pending in twelve states and the District of Columbia, involving 104 delegates. Thirty-five of the contests are on Wood's delegates, six on Lowden and 13 on Johnson.

Campaign managers at Chicago for the various candidates agree that there will be no nomination on the first ballot. The complimentary vote for the large list of "sovereigns" may in fact destroy the usual significance of the first ballot, as the indicator of the strength of the various candidates.

Increases were greatest in Cleveland, Detroit, Indianapolis and St. Louis.

Potatoes led in the advance, the retail price increasing 24 percent. Milk, eggs, lard, navy beans and prunes were the only articles among the 100 which declined in price. Sugar advanced 8 percent in the 30 days and bacon increased 91 percent since April, 1915.

Average increases in prices of the 22 articles of food reported from other cities included: Seven percent, Omaha; 6 percent, Butte, Denver and Houston; 4 percent, Portland, Ore., Salt Lake City and San Francisco.

Reports from retailers in 51 cities, the bureau said, showed that in the early days, dating from March 15 prior to the 21st, when of the 100 articles of food reported, 5 percent had increased and 5 percent had decreased.

have ever been inside a Broadway theater. When they do go to America, shows it is necessary to the character of the audience. The project of Burton W. James, local community worker, who has directed English productions in New York.

"The theater, in which, it is said, 'the plays of all nations' will be given by amateurs and professionals will be one of the tiniest in the city. It will seat only 229 persons, but the plans contemplate that it shall be complete and modern in every way. The site selected is on the upper East Side."

### PLENTY OF TALENT.

Russians, Italians, Czechoslovakians and many other former Europeans for years have presented grand opera, comedy and tragedy written by masters whose work has never been seen by Broadway theaters. James, who is enthusiastic about his project, says that there is no room for the audience. And with a small stage and no dressing room it would be impossible."

Interest in the Folk theater has been taken by Hunter College, which will celebrate its 50th anniversary tomorrow with a festival including a benefit performance of "The Two Orphans," a play just a week old itself. The box office receipts will be used as a nucleus for James' theater enterprise. The Bohemian artists, Mittel and Myres, who have sympathized with the dramatic efforts of their fellow-countrymen, have offered to co-operate, it is said, in the decorative arrangements and preparation of scenery.

### Babies Are Judged; Winners Announced

Bad condition of the tonils is the most prevalent trouble that threatens the health of babies, according to officials who conducted the Precentor Cup Show at the Hotel and Campbell Street Wednesday afternoon, at which 310 babies were shown and 100 measured.

The prize winners were Lucille Johnson, 4 months, 1102 Willow street; Flora Gallagher, 2 years old; Rose Cody, 11 months, 1320 Peralta, and Beatrice Takoury, 2½ years.

The judges of the show were Mrs. Pauline Drennan, Susan Fenlon and Walker. The committee in charge was Mrs. M. Dwagle, Mrs. J. Wallace, Miss E. Cocktear, Miss W. McGugin, Miss L. R. Jacobs, Miss D. Webb, Mrs. A. Corcoran, Miss C. Kenney, Miss F. Padley, Mrs. P. Gallagher, Miss M. P. Tauman and Miss G. Kiek.

### BIG AUDITORIUM NEEDED

"This is what I mean: A town that I know of in Bohemia of 7000 inhabitants produced 'The Flying Dutchman' in its own auditorium. It must have taken a great many members of the community to put it on. I have sometimes offered the tiny stage at the Lenox Hill Settlement, where I direct dramatics, but when I say to an excellent group of Bohemian amateurs, 'come and play for us 'The Bartered Bride,' by your famous countryman Smetana, and our orchestra would leave no room for the audience. **U.S. Asks Press to Aid Liberty Bond Situation**

BY ASSOCIATED PRESS.

LEADERSHIP TO TRIBUNE.

WASHINGTON, May 20.—The Treasury Department appealed today to the press of the United States to aid in improving the Liberty Bond situation by carrying in their columns a statement as to the intrinsic value of the bonds and their present prices. The statement explained the reasons for the present bond prices and suggested methods for the improvement.

Referring to the stump in market quotations for Liberty bonds the statement said: "The price has been brought down because so many people are offering to sell their bonds."

The treasury advised holding on to the bonds bought during the war and the buying of as many more at the present low rates as could be afforded.

**Graduation Day at Montezuma**

Tomorrow morning at 10:30 the graduation exercises of Montezuma Mountain Ranch school for boys near Los Gatos will be held. As a large number of the boys at the school being around the bay cities many visitors will go down to witness the exercises and spend the day at this school in the great outdoors. Professor Rogers has arranged an interesting program.

The annual Ihuacamina has just been issued, containing pictures and essays on life at Montezuma.

The treasury advised holding on to the bonds bought during the war and the buying of as many more at the present low rates as could be afforded.

**OREGON IS DIVIDED ON JOHNSON, WOOD**

PORLTAND, May 20.—Two features of outstanding interest mark the campaign in Oregon which will culminate in the primary election held Friday of this week. They are the contest between Senator Hiram W. Johnson of California and General Wood, candidate for the Republican presidential preference, and the contest within the Democratic party between partisans of Senator George E. Chamberlain, who is up for renomination, on one side, and "bitter-end" followers of President Wilson in the treaty fight, who are backing the candidacy for the Democratic nomination of Senator Harvey Starkweather, on the other.

Other games besides those of Johnson and Wood are on the ballot for the Republican presidential preference, but the real contest it is generally conceded, is between those two. Herbert Hoover will get some votes, a good many of his friends believe, notwithstanding that Hoover himself practically withdrew last week from the contest in this state. Although it was too late to remove his name from the ballot, Hoover was supported by all pro-league Republicans until their votes, so far as possible, as the only means of insuring the defeat of no-league candidates — represented in the Oregon campaign by Johnson.

Undoubtedly many voters will be divided among Wood, who un-

doubtedly will get the most of them; Lowden, whose support will be by no means negligible, and Hoover. Whether this three-way division will be sufficiently marked among pro-league voters to permit the expression of a plurality preference for one in question to which one may obtain answers both ways almost anywhere at almost any time in a crowd. Johnson will have the no-league votes of Oregon. He will have votes of a good many who follow the Progressive element of the Republican party. He will have the votes of another group who would like to see a Pacific coast man in the White House, and he will have votes of the various other elements which have followed his fortunes in primaries and other states. His friends say these will be enough and more than enough in Oregon. They say Johnson will receive the Republican preference here.

**HOOVER IS IN ERROR.****GOVERNOR ALLEN SAYS**

KANSAS CITY, Mo., May 20.—Governor Henry J. Allen of Kansas said an address here before the Missouri State Bankers' Association, declared that the Australian labor act provided absolutely no precedent for the Kansas Industrial Court.

The Australian law, he asserted, has as its chief purpose the protection of arbitration agreements, while the new Kansas law was evolved for the protection of the public against industrial warfare.

The statement of Herbert Hoover to the labor committee of the Senate a few days ago that the Kansas Industrial Court is practically a reproduction of the Australian labor act

**Change in Dry Amendment Is Seen by Vice President**

INDIANAPOLIS, May 20.—The liquor issue was injected into the Indiana Democratic convention yesterday when Thomas Riley Marshall, Vice-President of the United States, declared "the people will find a way lawfully to lessen what some see to be the rigors" of the prohibition amendment. The Vice-President, although indicating the federal amendment was not a "forward" movement, said that so long as the amendment remained part of the constitution it must be enforced.

No wet plank, however, was contained in the platform to be submitted to the convention. A fight was made to have a "wet" plank inserted, but when it was seen that the "dry" outnumbered the "wets," it was decided to leave the liquor question to the San Francisco convention.

Planks endorsing the administration of the President, demanding the adoption of the treaty and league of nations covenant and scorning the Know-Nothing resolution just passed by the Senate were in the tentative platform prepared.

While omitting any direct reference to either party legislation, the Vice-President said he would speak to former service men "sound of body and mind" that they can obtain almost anything they want from Congress.

"It will be afraid to resist you," he continued. "But looking back upon your glorious record, I beg you to consider whether you want to go down in history as of the tribe of Gathen Hale or of the tribe of Oliver Twist."

BALTIMORE, Md., May 20.—The

leads me to believe that Mr. Hoover has not taken time to study the Kansas act," Governor Allen said.

attitude the Democratic State convention should assume on the prohibition issue was the principal problem which confronted the party leaders prior to the assembling of the convention here today for the purpose of selecting delegates to the national convention and adopting a platform, conference which lasted until late at night. It failed to agree on a "dry" amendment and a "wet" plank may be offered in the convention. It was practically agreed that a double delegation of thirty-two will be sent to San Francisco, each with half a vote.

The plan was to send an unstructured delegation, there having at

present no Democratic candidate for the President preference primary.

**G.O.P. PLATFORM PROGRESS MADE**

WASHINGTON, May 20.—Executive of the Republican committee of 171, in conference with other leaders in the party, have put the finishing touches on the data collected by the committee for use in framing the national platform.

Completing two days of discussion on the twenty-one subjects covered by the committee's report, the party chief declared complete harmony had been attained on these subjects.

The plan was to send an unstructured delegation, there having at

present no Democratic candidate for the President preference primary.

ELECTION CERTIFICATES ARE SENT TO REPUBLICANS.

SACRAMENTO, May 20.—Certificates of election have been mailed to the twenty-six Republican candidates pledged to the candidacy of United States Senator Hiram W. Johnson for the presidential nomination.

Certificates of election have not yet been mailed to the Democratic or Prohibition delegates, Jordan declared.

CLARK TO BE ABSENT FROM S. P. CONVENTION.

SAN FRANCISCO, May 20.—Chairman of the Democratic national convention at San Francisco, either as delegate-at-large from Missouri or as a spectator. He made this plain in a letter received from him by Henry Wulf of Venice, who is a member of the Los Angeles Democratic county central committee.

No mortal man has any definite idea about what is going to happen at San Francisco, Clark says. "I haven't uttered a word or written

**Political Field.**

GRAND RAPIDS, May 20.—Without a dissenting vote Michigan Democrats at the state convention stood by President Wilson, and the peace treaty with the League of Nations covenant "without destructive reservations."

Although Herbert Hoover won in the primary, Michigan delegates to the San Francisco convention will remain unstructured as far as presidential nominees are concerned, but pledged "again give our unflinching and loyal support to our beloved leader, President Woodrow Wilson, who has given all but life itself in the service of his country and the world."

**The Chinn-Beretta Service Spirit**

Throughout the country of eyeglass wearers has come to be known the Chinn-Beretta spirit. It is diffused throughout our entire system of seven stores pervading each one from the executive offices to the humblest mechanic in the factory.

This spirit imbues our employees with the axiom that a chain is only as strong as its weakest link and that to create a worthy product each element that enters in must be perfect. Each one is proud of the part he plays and intolerant of unfitness in the organization.

Chinn-Beretta glasses and eyeglass service are both products of employees who have a keen sense of responsibility for the excellence of the work. You can enter any of seven Chinn-Beretta stores with the assurance that the best efforts of optical science will be extended in your behalf.

BOURBON VANGUARD EXPECTED JUNE 10

SAN FRANCISCO, May 20.—Announcement that the vanguard of the Democratic national committee will arrive here during the first ten days in June and that all of the days will be in the city by June 25 was made here today by George F. Mara, assistant to Homer S. Cummings, chairman of the committee. Cummings will be here before June 10, Mara said.

The first unit of the national committee to arrive here will be the committee on arrangements.

**A Value Demonstration In Our Women's Shop**

Several nights ago, when we again publicly stated our old-established policy of "**honest value at all times**" we promised to actively demonstrate the power of our five-store buying as a forceful value protection to you. Now we introduce

**Demonstration No. 2****Women's Smart New Jersey Suits**

at **\$21.75**

The price itself presents a value-message which every woman can understand. New Jersey Suits at \$21.75 seem almost impossible in normal days, but here they're a fact, even in high price times; Five-store buying makes them possible.

The suits are the very stylish, present-day modes of plain Jerseys, Heather Mixture Jerseys and even some Silver-tone Jerseys, with Tuxedo or notch collars, patch or fancy pockets, pleated backs, pinch-backs; some slip-on middy styles, Angora trimmed models and others. Every suit is a far higher priced garment which Buying-Power brings to you now at \$21.75. This is our idea of real value and worth-while savings.

## FACTS TO KNOW ABOUT ASPIRIN

### MY HEART AND MY HUSBAND

BY ADELE GARRISON

The "Bayer Cross" Means  
Genuine Aspirin Prescribed  
for 18 Years

Aspirin created a sensation when introduced by Bayer over eighteen years ago. Physicians at once proved its wonderful efficiency in the relief of pain. The genuine, world-famous Aspirin, in "Bayer Tablets or Aspirin," is safely taken by millions for Colds, Headache, Rheumatism, Neuralgia, Earache, Toothache, Neuralgia, Aching Joints, Neuralgia and Pain generally.

Be sure the "Bayer Cross," which is the mark of true "Bayer Tablets or Aspirin," is on each genuine package and each genuine tablet. Prices of 12 tablets cost but a few cents and contain proper directions. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocyclohexylate of Salicylic Acid. —Advertisement.

## Six Sorority Girls to Be Bridesmaids

### Women's Support Is Invited for Economics Bill

By EDNA R. KINARD.

Butterfly Iris and pink hawthorne combined with greens were effective decorations for the wedding of Miss Fay Watson, daughter of Mrs. Elsie and George Roeth, Saturday evening at the Delta Delta Delta sorority house in Leroy Avenue, Berkeley. It is the third time that wedding has been held in the chapter-house, which was opened at the reception and informal supper served. The service was read by the Rev. Mr. Sherman of the Presbyterian church in Sacramento.

Attended by six of the brides, six of her sorority sisters who served as bridesmaids were gowned in pastel shades of organdy and carried mixed bouquets of spring blossoms.

At the wedding was maid of honor. She wore a gown of blue tulle and silver with which she carried a shower of Silver moon roses and maiden hair.

Lillian Watson was maid of honor for her sister. She wore a smart frock of pink taffeta and silver. In contrast she carried a shower of blue bachelor buttons.

John Wood was flower maiden, frocked in ruffled pink organdy and carrying a basket of Irish Elegance roses.

The bridesmaids were the Misses Rosemary Elmer, Chaff, Guglielmo, Roeth, Bunice, Roth, Dorothy Stark and Helen Loosli.

Hugh Dornig served as best man at the wedding.

Mr. and Mrs. Roeth have gone on a short trip and on their return will reside in Berkeley.

## PHYSICIAN HELD ON FIFTH CHARGE

For the fifth time within two weeks Dr. James E. Thompson was arraigned this morning in an Oakland police court on charges based on performing illegal operations upon women. The accused physician was arraigned before Acting Police Judge Herbert P. Wise, and was remanded to jail.

Owing to the fact that Thompson once forfeited his bail when facing a similar charge and fled to Mexico, the bail in the present case has been fixed at \$10,000 cash or \$20,000 bonds.

Thompson has been held in detention by the police for several days without being formally charged. Last night Mrs. Beatrice Snyder, 598 Eighteenth street, who has been

## TRUCK CARAVAN IN HOT WEATHER

BY EMIL REINHARDT.

PITTSBURG, Cal., May 20.—The trip through Marsh valley yesterday was very long and tiresome for the members of the Ship-by-Truck caravan. Road conditions through that part of the country are not the best for travel but good driving brought the entire caravan into Brentwood, where they were met by members of the Chamber of Commerce.

Farmers from the entire surrounding country came in to Brentwood to hear of the new way for shipping their produce to the consumer. This idea of shipping by truck is not entirely new to the farmers but they have thought that maybe the horses will do better work. In many instances it might, but it is a vital fact that it is now necessary to speed up shipments to keep the country supplied with food.

TRUCK AIDS FARMERS.

It is well known that the truck has put some of these towns on the map. They would have had no way of developing land which was cheap as almost to be a burden, were it not for the means of transporting the products of the land to market furnished by the truck.

Some counties have been opposing the use of roads by trucks, which is a drastic measure if enforced. Those who are seeking to regulate the truck from the road are overlooking a very important part of the case. It must be admitted that trucks cause roads to wear out, but in turn they cause good roads to be built. These are some of the points which the farmers are trying to bring out to the owners of land and property in the territory they are now covering.

HOT WEATHER PICKED UP.

One of the hottest days of the year greeted the convoys, at Brentwood but through the kindness of the Ladies Aid of that town a fine lunch and cold drinks were served under some shade trees and this appealed to the dealers more than anything else at that time.

It was a relief to get back on the highway once again after leaving Brentwood. The trucks that have roads going to some town along the route are being given an acid test for endurance.

Antioch members of the Chamber of Commerce came out to meet the caravan and lead it to the center of the town where the army band played, after which followed a dance.

Last night the people of Pittsburg gave the dealers and the soldiers of the United States Motor Transport Corps a dance and some entertainment. Nearly every member of the caravan decided that they were in a warm belt and decided to take off their coats for solid comfort.

GROWING DEAF WITH  
HEAD NOISES?

TRY THIS

If you are growing hard of hearing and feel Catarhal Deafness, or if you have a sore throat with head noises in your ears, go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/4 pint of fine water, and a little granulated sugar. Take one 1-tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. If you have a sore throat and open breathing become easy and the mucus drops into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with catarhal deafness, or who has head noises should give this preparation a trial.—Advertisement.

## GIRL SHOPPER FROM ALVARADO IS LOST HERE

Dropping mysteriously from sight in the downtown shopping district of Oakland several days ago, Annabelle Fegler, 19, who at the time of her disappearance was visiting her mother, Mrs. R. Gaines, 644 Alton street, Berkeley, has not been seen by her relatives or friends since last Saturday afternoon.

Because they wished to avoid a controversy in the case, the Gaines family failed to report the disappearance of the girl, who lives in Alvarado until this morning, when the Oakland police were appealed to for assistance.

Mrs. Gaines, sister of the missing girl, is able to offer no theory or explanation that would account for the strange absence of the girl.

According to Mrs. Gaines, the girl left home last Saturday afternoon for Oakland to do some shopping.

The police have been furnished with a good description of Annabelle Fegler, and a city-wide search will be instituted this afternoon. The description has also been given to the police departments of neighboring cities.

## G. O. C. DISCUSSES CARQUINEZ DAM

MARTINEZ, May 20.—Tonight the Martinez Chamber of Commerce will consider what action to take on the proposal made by farmers of the delta district that there be constructed across Carquinez Straits at Martinez from Bolinas Head Point to Army Point to prevent the encroachment of salt water on delta ranches and to insure an ample fresh water supply for farmers of that district and the Sacramento and San Joaquin Valley regions.

TRUCK CARAVAN GREETED.

Martinez residents turned out en masse today to greet the arrival of 60 trucks in the "Ship by Truck" tour organized by Oakland merchants when their arrival here shortly after 11 o'clock.

Lunch was served the truck attaches and local citizens in the city hall by the Martinez Women's Club where short speeches were made.

Damages of \$5000 and an order from the Superior Court directing Mr. Garcia to vacate a 200 acre ranch near Byron leased to him by Mrs. Alice and William F. Birmingham, area residents, was filed here today. The plaintiffs charged that Garcia had failed to farm the land in a manner like way.

CHAUTAUQUA GUARANTEED.

Ralph H. Wright, director of the 30 local people who volunteered as guarantees to have the Billow-White Chautauqua Circuit Show in Martinez next year. The circuit closed a week's engagement here yesterday.

## School Board Raises Funds by House Sale

\$3000 was raised by the board of education from the sale of houses or property recently acquired on Bancroft way and Kilkenny street as a site for the new high school. Six houses and a windmill were sold to bidders appearing before the board. The houses will be moved at once by the purchasers to prepare for the immediate beginning of construction activities.

The old-time application of Buttermilk and Cream to whiten and smooth the skin and remove harsh little wrinkles and ugly salient features in mothers' recipes and women throughout the country are all well known and ensure a beautiful complexion and snow white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk to make it available in cans which you can buy in small quantities ready to use at any first-class drug store by simply asking for "Howard's Buttermilk Cream." ## Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful glossy, shiny hair, do this: all means get rid of dandruff, for it will stain your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid soap; apply it at night when retiring; use enough to soak the scalp and rub it in gently with the finger tips. In morning moist it not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid soap at any drug store. If it is expensive and four ounces of it all you will need, no matter how much dandruff you have. This simple remedy never fails.

SEE FEEMA PINE, NOW.

Aches and pains often indicate kidney trouble—and quickly—when your hands and feet are swollen and you feel tired and languid; and you are fatigued and your energy low, there is a puffy look under the eyes. Mrs. L. Gibson, 12th and Edison St., Baldwin, Colo., writes: "My kidneys were giving me trouble for a long time. I took Foley Kidney Pills and they helped me right away. I feel now."—Osgood Bros.—Advertisement.

## ASK THE TRIBUNE A Department of Questions and Answers

Questions pertaining to the application of the law to specific cases, such as collection of damages, divorce contests and property rights, will not be answered in these columns.

Editor The TRIBUNE: Is there a law prohibiting private families from burning carbon fuel in the residential section of the city? The fumes are terrible. We can not get a breath of fresh air day or night, for the party has a fire going all the time and the fumes come my way. Is it injurious to health and plant life?—OLD PATRON.

Yes. There is a city ordinance as well as a State law which prohibits the burning of odor-giving fuel within the residential section of the city. It is injurious to plant life.

Editor The TRIBUNE: What is the law in regard to a man keeping cows within the city limits of Oakland for the purpose of running a dairy?—SUBSCRIBER.

The law allows two cows to a family or concern. This applies to all of Oakland with the exception of East Fourteenth street, where more than two cows are allowed to be kept not within 300 feet of each side of the street.

Editor The TRIBUNE: To whom shall I apply for knowledge concerning this awful rise in the price of sugar? It was selling the fore part of this month at local stores for \$30 per barrel. Is there law? Also, where should I apply to concerning our local "blind pig"?—SOLEDAD CAL. SUBSCRIBER.

The wholesale price of sugar is \$22.75 a hundred pounds. The Department of Justice has held that a fair margin of profit on sugar is one cent a pound to jobbers and two cents a pound to retailers. Anyone selling sugar over that margin is subject to prosecution. Any violation of this ruling should be reported to the district attorney of your county, and if he fails to act, that fact as well as the profiteering should be reported to the United States district attorney in San Francisco. Also the same applies to the "blind pig."

Editor The TRIBUNE: Will you tell me how much the city gets for the basements under the sidewalks? I notice another one going in under the sidewalk on Broadway about twenty feet deep. How is the rental of this valuable ground determined?—T. JACKSON.

The city does not get any from basements under sidewalks, unless the city itself owns the property in which the basement is located. The property line extends to the center of the street, making it necessary for the property owner to pay for the laying of a sidewalk and for the paving of half the street. If a basement is placed under the sidewalk the rental goes to the person owning the property in which the basement is located.

Editor The TRIBUNE: What firms about the bay have in their stock billiard tables?—Z. Z. Z.

Oakland Billiard Supply Company, 1109 Broadway, is the local firm.

Editor The TRIBUNE: Could you kindly tell me the address of a friend, Thomas M. McGrath, who last lived in New York, also my cousin, Miss McHornie Stephens, who lived in the same place?—M. V. M.

The directories of the bay cities do not contain the names of either your friend or cousin.

Editor The TRIBUNE: Did the State of Iowa give any cash bonus or other benefits to men who enlisted from that State for the period of the late war? On a mining claim in California where assessments have to be worked each year, could the ground be homesteaded under the California laws, and, if so, would that assessment work have to be done?

Iowa has given no bonus or other benefits to ex-service men as yet. If the land you refer to is mineral ground it cannot be homesteaded under the laws of California. Mineral land takes precedence over agricultural ground.

Editor The TRIBUNE: Three months ago I started residence in a new bungalow. Now every morning I find miniature sawdust piles in the front sitting room, where my boys are eating up through the hardwood floor. Can you tell me how to treat the floor so as to prevent it? If so you will greatly oblige a son.

The only remedy known to hardwood floors is to paint the floor with linseed oil; several applications until the liquid soaks into the boards to a sufficient depth to cause the borers to encounter it in their way upward. The creosote kills them.

Editor The TRIBUNE: In your questions and answers department I see one month's notice to vacate is required. Does this apply when raise of rent is demanded?—J. D.

Yes.

Editor The TRIBUNE: What does "K. C. B." mean? For instance, "Sir James Porter, K. C. B."

K. C. B. means "Knight Commander of the Bath." It is a British honorary title.

## MEN AND WOMEN FROM TEN LANDS

### CAIN CITIZENSHIP ORIGIN UNKNOWN

## A MEXICAN OPPORTUNITY.

Whether the present disturbances in Mexico are to have a harmful or beneficial effect on our rapidly growing commercial relations with that country is a question of present concern to the Pacific Coast. If the revolution is decided quickly and if Obregon is sincere in his protestations that Americans and American industries are to be protected, there is every evidence that the long looked-for \$300,000,000 in trade will be reached with the end of the fiscal year in June.

It remains a fact that the United States shipped more to the 15,000,000 neighbors in Mexico in 1919 than it did to the 300,000,000 inhabitants of India or the 400,000,000 of China; but even so, our imports from Mexico were larger than our exports there by \$17,000,000. Before the war we were supplying about one half of Mexico's imports and since that time 55 per cent.

As one means of solving the insistent problem of a greater export business, Mexico stands close at hand. It is imperative that the United States hold the position it gained when Europe's supply was cut short by the war, or at least maintain a growing export trade. To do this Mexican conditions must be studied and there must be offset to that feeling of enmity and distrust for which an undecided and ever-changing administration attitude has been responsible. There is evidence that Mexico is to clean its slate and start, once more, anew. Obregon should be given every opportunity to prove the worth of the sentiments he has often expressed toward this country. Until he repudiates them, the United States should meet him more than half way.

## THE RAILROAD STRIKE

The strike of railway switchmen and yardmen has settled down into an argument which has nothing to do with the questions of wages or hours. As an outright demand for recognition of the new Yardmen's Association it offers little or no chance for a settlement, and as the weeks go by those men who have quit their jobs and have severed their connections with the Brotherhood of Trainmen must realize the hopelessness of their cause.

For the railway labor board to hear the claims of the "outlaws" would be to set itself on record as giving official cognizance to an organization not recognized by the various brotherhoods and by organized labor. It would be an invitation for a disturbed condition much worse than any that can be occasioned by the comparatively few yardmen who are holding out, and would be a direct affront to the engineers, trainmen, firemen and others who have declared against the strike action.

The board is in favor of granting a wage increase to the switchmen and yardmen, but it cannot deal with the Yardmen's Association. So long as that organization holds out against its fellows in the railroad service it cannot expect a hearing and may look with certainty to a dwindling roster. The time when members are questioning their leaders is already at hand.

## PRICE DROP NOT PERMANENT.

The break in prices which is reported in many of the eastern centers and which is apparently spreading with some rapidity in both directions from the Mississippi is not yet to be accepted as a definite promise for a lower cost of living.

From what is to be learned from interviews in the sections affected, the price drop has come as a result of artificial conditions and bears no relation to the cost of production or to the cost of marketing. If it is to work for any permanent lowering of prices, it will be by indirect and psychological methods.

The Middle Western merchants have felt more strongly than any the effects of the railroad strike. Many of them have ordered heavily for the coming season's business and have borrowed the money with which to pay for goods. Now that their new stocks have failed to arrive they are pinched for ready cash and are forced to turn over what they have on hand at no profit or at a loss. This fact, and the one that the annual clean-up season is on, is responsible for the decline. It is just possible that the concerted action of so many dealers will have a cumulative

effect on a wider group that may include the manufacturer. In this is the only promise of the situation.

Until the production cost is brought down there will be few grounds upon which to base a hope for permanent lowering of retail prices.

## THE METRIC SYSTEM.

Not much stir was caused by the conference held at the Palace Hotel last week, under the patronage of the World Trade Club, to popularize the metric system. It is a subject not at all exciting, one in which more than ordinary difficulty is experienced in arousing interest. The persistence with which its advocates keep up the effort, however, is commendable, and the complaisance with which noted men endorse their efforts is observable. Such names as those of Henry Ford and Thomas A. Edison are subscribed in approval; yet it is a fact that the bearer of the metric system in force in his great manufacturing plant. But some headway is announced here in California. The mammoth Goodyear plant now being built at Los Angeles—said to be the largest in the world—is to adopt the metric system.

It may not be common knowledge that a meter is ten percent longer than a yard; that a liter is five percent more than our standard quart, and thirteen percent less than the English quart; that 500 grams is ten percent more than our pound avoirdupois. But if these facts were universally known, the matter of fact query might be made, What of it?

Champions of the system will dwell on the advantage of standardization, and that to realize this it will be necessary to make universal one system, which, if based on decimals, will be greatly simplified and more readily taken up. Every country has its own system, and is wedded to it. This country is more hospitable to innovation than any other, and yet we see what slow progress the metric system is making. It may be a desirable change, yet one in which custom must be overcome to establish.

## MARKET VALUE OF LIBERTY BONDS.

The reply of Governor Harding of the Federal Reserve Board to Senator Owen of Oklahoma—who had charged that the high interest rates brought about by the Board had depreciated the market price of Liberty bonds—indicates that the Federal government is not to sustain the market for these securities.

It is represented that there are \$22,000,000 in Liberty bonds and Victory notes outstanding, that no artificial manipulation will hold them at par, and that lower discount rates on Liberty bond security would so drain the resources of the reserve banks that they would have no funds left to sustain, much less fatten, the commerce and industry of the country, which is incumbent under the Reserve act.

There is nothing in this that should perturb any holder of Liberty bonds. They are the surest securities that are offered. If the time ever arrives when Liberty bonds collapse, no others will be of value. It is even a good time to add to the investment in such securities. Bonds purchased in the drives cost 100 cents on the dollar. Now certain classes may be bought as low as 88, yielding 5½% interest. Evidently there is sufficient uneasiness because of the decline to cause considerable volumes of these securities to be thrown upon the market. Nobody would seem to make a mistake in holding what they possess. And there is every reason to conclude that further investment would be a wise financial adventure.

## NOTES and COMMENT

The practice of heckling is growing in this country. It is a transplanted method, and not in consonance with the American idea. There was a time when nothing was more obnoxious to the real American than rowdy interruption in the audience, but possibly he is becoming inured to it through importation from a country that assumes to show the way in so many things.

How far the fires of the Civil War have subsided was illustrated by the near riot in the House of Representatives when a tactless member referred to the Confederates of Civil War days as traitors. It was totally unnecessary to make such a remark, but analysis of the historical facts will disclose its strict integrity.

The Stockton Record goes afied and holds firm against the Oregon maiden "University of Oregon" and the "University of Washington." The salary young men should have if they want to marry members of the graduating class. And these young men—are they expected to have any choice as to the chief qualifications of the girls for wifehood, or is it an impertinence to suggest a thing like that?

This, from the Martinez Gazette, indicates that the Vice-President is gaining adherents. The thing that this country really needs, said Vice-President Marshall, is not discussion on the cost of living raged in the Senate, "is a good five-cent cigar." If Mr. Marshall had never contributed any other thing to his country, he deserves well at her hands for this speech.

The monocle has made its appearance in Tonopah, and the Capital expresses its indifference thus. "If any gook wants to go around with one pane of glass in his face, looking like grandfather's clock, that is his privilege. And as no one can see anything through a monocle it will reduce by half what the dudes can see on a rainy day."

Certainly the forecasters who piled their science as to the decision of the Supreme Court being of a certain tenor and arriving at a certain time have suffered confusion. Just when the decision will be rendered, and what it will be when rendered, are still matters of the unknown.

The Palo Alto Times notes the difference. "The election systems of this country and Mexico are quite different. In the United States we choose a president every four years, and elect him by ballot. In Mexico a president is likely to be chosen almost any time, the contest being decided by bulletins."

The Goldfield Tribune favors a list. "It is well enough to talk about giving lands to the returned soldiers on favorable terms. But would it not be well to list the soldiers who actually want to go out and live on those lands? Do doubt there are many; but there are not so many as some of the dreamers are dreaming of."

The Cloverdale Reveille is impelled to make inquiry. "How long before there will be a vast quantity of perfectly good second-hand overalls for sale at reduced prices?"

The Woodland Mail expresses it as accurately as one might in speaking from experience. "One reason for the high cost of food is that men eat more since it isn't possible to live up to a friendly bar for a couple of cocktails and a free lunch on the way home to dinner."

Pre-revolution suggestion from the Stockton Record. "Edwards is determined to bring back spirits why not discard that wet plank and use an orthodox ouija board?"

Don't know just what the Redding Searchlight means, but the item has a sound "Pershing kisses her going and coming" says the headline. Showing great versatility, as well as a long reach."

## SPIRIT of the STATE PRESS

Far be it from this pen to be a calamity howler, but won't it be awful if the same thing happens to gasoline by the dear old summer time that has already happened to sugar? Portland has reached the point where it must make what gas was ordinarily burned in three days last three weeks—Stockton Record.

The Washington Post tells of a circular from a candy corporation boasting the sale of stock. This circular announces that it costs 22 cents a pound to produce chocolate creams which retail at from 80 cents to \$1 a pound. Sweet are the dangers of sugar adversity to the candy manufacturer. The consumer no longer looks on the wine when it is red. Pretty soon perhaps, he will be forced to avert his gaze from the chocolate when it is black, or at least to look less often—Sacramento Bee.

That the Fish and Game Commission is keeping a watch on the Sierras range from both sides is suggested by the man's size package handed to one Ray Morris of Taft for killing two bucks above the Game Refuge on April 20. Judge Healey stung the lad for \$250 and suspended 30 days jail as a gentle reminder to go and sin no more neglecting the fish and game laws for at least one year—San Luis Obispo Tribune.

Cincinnati, the city of steins and of Moran, the miracle man of baseball, seems destined to become famous for something else. A recently passed ordinance makes billboards within the residence blocks unlawful unless 51 percent of the residents sign petitions favoring such boards. Already the city building commissioner has begun removal of the billboards under the ordinance.—Hartford Sentinel.

Peach growers of the Marysville district have decided upon 10 cents an hour with board, or 15 cents per hour without board as the scale to be paid men employed thinning peaches in the orchards this season. The wage is about \$1 higher than was paid a year ago.—Sohaco Courier.

The carpenters of Marysville have voted to boycott business firms that urge or permit their employees to wear overalls. When overalls meet

## WOMAN IS RUN DOWN BY AUTO; CYCLIST INJURED

Thrown to the pavement after being struck by an automobile at Fifteenth and Clay streets last night, Mrs. W. J. Murphy, 2009 Telegraph avenue, sustained serious injuries, which necessitated treatment at the Fabiola hospital. She is suffering from deep cuts in the head and bruises about the body. The car which ran her down was driven by H. R. Buck, 2102 Thirty-fifth avenue.

While riding a motorcycle last evening Calvin Reasoner, 16, a plumber, living at 1016 Twenty-fourth street, collided with an automobile at Twenty-fourth and Myrtle streets and received severe lacerations on the head.

The identity of the companions of Miss Cordelia Stovall and Miss Grace Coleman, University of California students, injured in an automobile accident near Petaluma Tuesday when their car crashed into a Petaluma-Santa Rosa electric train, was made known today by Mrs. G. C. Coleman, 1111 Polk street, Miss Coleman's mother. The driver of the car was Robert Beal and the other member of the party was Theron Stevick, both university students. According to Motorman C. E. Jensen the accident was due to Beal's attempt to beat the electric train over a crossing.

## Mills to Recreate Round Table; Girls Rehearse Great Pageant

MISS AMY GRUPE and MISS RUTH FRANKENHEIMER, Stockton girls, who will have leading roles in annual May Fete at Mills College on Saturday, May 29. Miss Grupe is cast for the role of Sir Launcelot in the pageant of King Arthur and his knights. Miss Frankenheimer will lead the interlude dances.

King Arthur and his knights of the Round Table will live again when brilliant pageantry, the story of their wondrous adventures and loves are retold on Saturday, May 29, on the banks of Lake Aliso, on the Mills College campus. One hundred and fifty young women will participate in unfolding the gallant drama as it has been written by Miss Helen Colgan, Sacramento; Miss Marion Hedrick, San Jose, and Nancy White, Chico, in collaboration. Against the natural setting of sky, trees, hill slope and waters, the stage which has witnessed so many college productions has been enlarged to accommodate the big cast. From the far side of the lake the audience will witness the mythic tale as in song and dance and pantomime its incidents are carefully followed. The play, titled "The Story of King Arthur," is given under the direction of Miss Elizabeth Rheem, Stoner, and is in charge of the senior class. Knights and ladies, nuns and monks, minstrel and pages will make up the background for the principal characters of King Arthur, his knights and the ladies of their loves. Miss Ethel Cluff of Oakland, is cast for the role of the great king. Miss Amy Grupe, Stockton, is rehearsing for the part of Launcelot. Others who will have principal parts are Miss Gladys Halstead, Sonoma; Miss Sam McCrady, San Diego; Miss Marie Louise Buchanan, France; Miss Agnes Penney, Valencia; Miss Margaret Hill, Miss Louise Strube, Watsonville; Miss Helen Farde, Oakland; Miss Hazel Downer, Richmond; Miss Gladys Hinman, Oakland; Miss Arleigh Garrell, Texas.

Miss Ruth Frankenheimer, Stockton, has the leading role in the Interlude dances which will depict the seasons, during the intermissions of the play. Original music which will be introduced during the court scenes has been written by Miss Eleanor Warren. The pageant will find its accompaniment in an orchestra hidden behind a screen of trees and led by Paul Steinendorff.

## CHILEANS ESCAPE TRIBULATIONS OF SOARING PRICES

BERKELEY, May 20.—The high cost of living is unknown in Chile, says Professor Paul Ramirez of the Instituto Pedagogico de Santiago, who arrived in Berkeley last night as the first exchange professor from his home country to the University of California.

"In Lima, Peru, where we stopped en route to Berkeley, we went ashore and paid \$10 for a single roasted chicken, declared the professor. "We can buy ten chickens for that money. That is just an example of the economic conditions in two similar countries, one of which declared war and the other did not."

### POSITION DEFENDED

Professor Ramirez defended Chile's position of "unsentimental neutrality" during the war.

"We tried to put down sentimentalism and all feeling during the war, and to remain neutral, he said.

"As far as we have been

criticized as being pro-German, when

as a matter of fact popular feeling

was the opposite."

That an economic adjustment must come soon, or grave results follow is the feeling of the visiting professor, who described conditions in his country as anomalous.

Development of mining interests

he said, was bringing thousands of dollars to the country from all parts

of the world.

### U. C. MAN SENT SOUTH

In Ramirez' place in Chile has gone Professor Charles E. Chapman of the history department of the State university.

"Such an arrangement can only bring added peace and understanding between the two countries," says Professor Ramirez.

Professor Ramirez is accompanied

by his wife, and will probably pass

a year in Berkeley, although the two-year arrangement under which he comes may keep him longer.

### Divorce Suit Delay Loses Wife Decree

Superior Judge T. W. Harris today denied a divorce to Mrs. Hannah M. D'Anis, who married Ozzie D'Anis 27 years ago and separated from him more than eight years ago. Judge Harris said the law provides that an action must be brought within a reasonable time from the date of the separation or the commission of the offense charged, and that he did not consider eight years a reasonable time. Mrs. D'Anis charged habitual intoxication, cruelty and failure to provide.

## OAKLAND PLANS FOR CONVENTION BEING ADVANCED

Plans for Oakland's share in the entertainment of the Democratic National convention will be made at a luncheon tomorrow of the special committee appointed recently by Mayor Davis. The luncheon will be held in the Blue Room of the Hotel Oakland.

Officials of the Oakland Chamber of Commerce will meet with the committee in order that all plans may harmonize. The chamber already has arranged to send an individual invitation to every delegate and alternate, extending the hospitality of California and bidding them visit the mainland section of the country.

"We tried to put down sentimentalism and all feeling during the war, and to remain strictly neutral," said Mr. A. L. Alberg, president of the chamber.

WITH THIS NEW PRODUCT YOU SOAK YOUR CLOTHES CLEAN INSTEAD OF RUBBING THEM

## The hardest things in the world to wash

Dish towels—kitchen aprons—small boys' suits  
Try this new form of soap on them

Clear dish towels every day—  
without rubbing or boiling. Just  
soak them in the bubbling Rinso  
suds

Is it really true? No rubbing, no boiling—and your things come straight from the tub sweet and snowy white?

You can hardly believe it!

Well, put Rinso to the hardest test of all. Just try it on dish towels. And those dreadful kitchen aprons—those grubby, grimy little trousers of that small boy of yours—those sticky little rompers that sister always gets everything all over—try washing them the Rinso way.

Then you will know how wonderful Rinso really is.

All the ground-in dirt that used to mean such hard, hard rubbing. How Rinso softens it and takes it right out of the fabric without hurting a thread!

Things that ordinary washing would leave only half clean—Rinso gives back to you snowy-white or with their original fresh, clear color!

### A new form of soap—in granules

Rinso is a new form of soap. It is not a cake soap. It is not a "washing powder." But a wonderful new soap product—in fine granules.

The pure, cleansing granules, dissolved first in a little water, make a tubful of wonderful suds.

There is not a bit of solid soap to stick tight to the fabric, and injure it. There are no harsh chemicals to "eat" the cloth—to destroy the colors.

But a rich suds so pure that your clothes soak as safely as in pure water alone.

### A new idea of washing

You know what it has always meant to wash the dreadfully soiled things. Rubbing over the washboard. Lifting the heavy clothes out of the steaming boiler.

But did you know that half the wear on clothing comes in the washing? That the hard friction on the washboard, wearing the threads, loosening the weave of the material; that the strong washing powders, "eating" the fibres, destroying their strength—wear out your clothes as much as all the wearing and using they get during the week.

And now this wonderful new way of laundering—with Rinso—saves your clothes all this. Your clothes actually last twice as long!

You merely soak the clothes overnight or for three hours in the morning.

You take them out and rinse them.

And they will be gleaming white, spotless. Only extremely soiled things—bad spots—need a light rubbing between your hands, right in the Rinso suds—and they, too, are shifting white.

The rich Rinso suds have loosened all the dirt, while the clothes soaked.

There is no boiling, except occasionally, if you wish to sterilize, for Rinso cleans as wonderfully in cold water as in hot.

There is no rubbing, except lightly on the hardest spots.

There is no cake soap, no washing powder. Only one package of Rinso, and your whole week's washing is done better and easier than it's ever been done before.

### Start using Rinso this next Monday

This next Monday try the new way of washing—following the easy directions on the Rinso package. Try Rinso on the things that are hardest to get clean. See how different it is from anything else you ever used.

Your grocer has Rinso. Order it today.—Lever Bros. Co., Cambridge, Mass. (Makers of Lux.)

Men's shirts, that are grease-stained from "fooling around" the car, need only the lightest rubbing between your hands, after a soaking in Rinso suds

### Rinso is not a "washing powder"

The fine granules of Rinso look much like a "washing powder," but—make this test. Use a heaping teaspoonful to a glass of boiling water

RINSO  
—absolutely harmless  
—so rich in soap it  
"jells"!

Those dozens of little gingham dresses—rompers—boys' suits—so grimy from the playground. Soak them in Rinso suds—they will come out fresh and shining

**Police Shield Geddes

PHILADELPHIA, May 20.—Sir Edmund Geddes, British ambassador, came here yesterday to receive from the Franklin Institute for Sir Charles Parsons of England, the Franklin medal awarded him. A party of Irish sympathizers appeared in front of the building carrying banners bearing inscriptions demanding freedom for Ireland. The police kept them moving and gave them no opportunity to heckle the visitors.

"Americans and British should seek to dispel the cloud of misrepresentation and misunderstanding which tends to separate them," Geddes declared.

PARIS, May 20.—Captain André Tardieu, former French high commissioner in the United States, states that during the five years of the war 8,000,000 men were mobilized, of whom 1,400,000 were killed, 800,000 maimed and 300,000 wounded. France thus lost 37 per cent of her men under 32 years of age.

"Americans and British should seek to dispel the cloud of misrepresentation and misunderstanding which tends to separate them," Geddes declared.

**WHY?**

**HUMOR PATHOS ROMANCE****An Adjustment of Nature**

(Copyright 1920, by The Wheeler Syndicate, Inc.)

In an art exhibition the other day I met Kraft, but that is not the beginning of this story. Three years ago Kraft, Bill Judkins and I made a painting that had been sold for \$5,000. The painting was a picture of the "Wise" named Kraft, who (as far as I know) had a favorite food and a pet theory. Cypher's on Eighth avenue, say his pamphlet was an unquenchable "took" when we had money. Cypher believed in the Urring Artistic Adjustment, and he had no credit, we went in, called it "the Adjustment of Nature," and paid him a thousand dollars for a round-corner-beef hash with poison added. There was a story behind the egg. There was a story behind the picture, so I went home and let it drip out of a fountain-pen. The idea

was to paint the egg white, but that is not the beginning of this story. Three years ago Kraft, Bill Judkins and I made a painting that had been sold for \$5,000. There was a story behind the egg. There was a story behind the picture, so I went home and let it drip out of a fountain-pen. The idea

was to paint the egg white, but that is not the beginning of this story.

But the chief thing at Cypher's was Moby-Niagara. See what a grand example of Kraft's theory of the artistic adjustment of nature! She belonged, largely, to winter, as Minerva did to summer, and to Venus to summer, and to Venus to the science of sexual distortion. Pedestalled and in bronze she might have stood with the noblest of her heroic sisters as Liverd-Bacon-Dickens-Sherlock-Holmes. But she was to Cypher's. You expected to see her colossal figure loom through that reeking blue cloud of smoke from frying fat; just as you expect the tall Hudson river fox. There amid the steam of vegetables and the vapours of acres of "ham and" the crash of crockery, the latter of which the sunbeams of "light and" the cries of the hungry and all the horrid tumult of feeding man, surrounded by swarms of the buzzing winged hosts beneath the Pharaohs. Moby steamed her magnificence away like some great liner cleaving among the canoes of the howling savages.

Our Goddess of Grub was built on the same principle that the gods were followed only with awe. Her sleeves were always rolled above her elbows. She could have taken up three musketeers in her two hands and dropped us out of the world. She was years younger than any of us, but she was of such superb breadth and simplicity that she mothered us from the beginning. Cypher's store of eatables were rare, but she was a true royal indifference to price and quantity, as from a cornucopia that knew no exhaustion. Her voice rang like a great silver bell, her smile was many-colored, her eyes like a yellow sunrise on mountain tops. I never saw her but I thought of the Yosemite. And yet, somehow, I could never think of her as existing outside of the imagination of Kraft.

It was Kraft, who first, voiced the fear that each of us must have held latently. It came up apropos of course of certain questions of art at the time of the harmonium contest between a Haydn symphony, and pistachio ice cream to the exquisite congruity between Moby and Cypher's.

"It is a certain fate, which overtakes her," said Kraft, "and it overtake her she is lost to Cypher's and to us."

"She will grow fat?" asked Judkins, fearlessly. "She will go to night school and become refined?" I ventured anxiously.

"It is this," said Kraft, punctuating in a puddle of spilled coffee with a stout forefinger, "that has brought Death to Cotton and his hollow-chested chorus girl has her Pittsburgher the summer hoarder has his poison medal, the hero has his Carnegie medal."

"Speak!" I interrupted much perturbed. "You do not think that Moby will come to lace?"

"One day," concluded Kraft solemnly, "I will be a millionaire lumberman from Wisconsin, and he will marry Moby." exclaimed Judkins and I in unison. "Never!" repeated Kraft hoarsely.

"And a millionaire lumberman?" I sighed despairingly.

"From Wisconsin," groaned Judkins.

We agreed that the awful fate seemed to menace her. Few things were less improbable. Moby, like some valiant knight, was bound to catch the lumberman's eye and will we know the habits of the lumberjacks? Fortune smiled upon them. Straight to New York they went and I, who writes these notes in a beam, why the alphabet itself con-

"And a millionaire lumberman?" I sighed despairingly.

"From Wisconsin," groaned Judkins.

We agreed that the awful fate seemed to menace her. Few things were less improbable. Moby, like some valiant knight, was bound to catch the lumberman's eye and will we know the habits of the lumberjacks? Fortune smiled upon them. Straight to New York they went and I, who writes these notes in a beam,

"She will grow fat?" asked Judkins, fearlessly. "She will go to night school and become refined?" I ventured anxiously.

"It is this," said Kraft, punctuating in a puddle of spilled coffee with a stout forefinger, "that has brought Death to Cotton and his hollow-chested chorus girl has her Pittsburgher the summer hoarder has his poison medal, the hero has his Carnegie medal."

"Speak!" I interrupted much perturbed. "You do not think that Moby will come to lace?"

"One day," concluded Kraft solemnly, "I will be a millionaire lumberman from Wisconsin, and he will marry Moby." exclaimed Judkins and I in unison. "Never!" repeated Kraft hoarsely.

## Oakland Tribune

**Splendid Lake District Corner \$240 Down**

2 bks. from fine school 1st. blt. to meet every need. K. R. A. Beautiful 1½ acre northeast corner, perfectly terraced, level as a table; neighborhood all built up with fine homes. Worth \$4500. Can be bought for \$2400. on any terms you desire. You can get more frontage for a few years, get this lot now at this price: \$240 down is all I ask. Owner anxious to sell. H. F. Harrison, Lakeside 1602 mornings.

**The Tract Beautiful Acre and ½-Acre Homesites IN**

**Summit Drive Park**

The close proximity of this park to the University of California is a strong attraction to classes of people. Many are saving money by erecting small houses on the cheap, while paying for their land thus saving more. These wonderful homesites have been on the market but a number of them are still available. Many are sold. There still remain some choice locations near park, either both level and sloping, and commanding panoramic view of "the whole world," as one buyer aptly expressed it. The price per acre is extremely low for the class in material. You can get an acre for \$500; \$50 down and \$50 per month.

Take care at 13th and Broadway. Get off Main at college stop. Agent on property all day Sunday. For further information or appointment write on phone:

**L. G. BROWN,** with  
REALTY SYNDICATE CO.,  
1446 Broadway, Lakeside 1600.

**1 ACRE**

After spending five weeks in looking about in order to select the good and points of the different pieces of acreage offered, my wife selected the best 1 ½ acre for sale in Oakland. On account of sick condition of my wife we are unable to sell. The land is level, soil is deep and rich, roads are good. Close to 60 street cars, electric and phones; good heating, water, gas, etc. Very easy terms, too; \$7 per month will handle; you must have \$75 cash. J. T. Kann, owner, Box 12059, Tribune.

**35-ft. Bungalow Lot \$600**

Adjoining land in the neighborhood of many exceedingly attractive new homes. In Berkeley, near Key Route. View of bay. Absolutely level, 100 ft. deep. Most practical, desirable inexpensive bungalow lot in the neighborhood. Good location, faces the bay. Any terms desired. H. W. Johnson, 2905 McClure st., Oakland. Phone Lakeside 1600 mornings.

**260%**

**Profit in 3 Years**

**BUNGALOW**

READ THIS CLEAR THROUGH TO THE END. You can save quite money by buying the right kind of real estate now. Two banks are settling up mortgages upon 30 lots in Albany, Calif., on 10th and 11th st. S. E. corner, opposite to S. F. These lots sold for \$350 and \$1000 each in 1914. Banks authorize me to re-sell them for \$350 each on terms of 10 years, 10% interest, which will give you an income from a bungalow lot to a small chicken or vegetable farm. Fine new solid masonry streets, gutters and curbs, new cement sidewalks and water, city gas, city sewers, fire hydrants, telephones and police protection. Nearly 100 new bungalows going up.

By paying \$60 down and \$5 a month you can put around \$180 in 3 years, at which time these lots should sell for \$400. Then pay \$350, therefore you should make \$40 profit out of an investment of \$180. This figures over 260% profit in 3 years. I particularly wish these facts to be known to all who are interested. These are all true. You get the bank lots for the price of the mortgage. My clients will waive all interest for 1 year, and all taxes until 1921. Taxes in 1921 will probably be about \$50.

If interested, telephone me any evening after 7. Piedmont 5594W or 10th & S. F. Storey school and library. H. F. NASH & SON, First Nat. Bank Bldg.

**BIG LOT HUNTER**

4-acre lot, lot 50x200; E. 13th st., N. S. F. Storey school and library. H. F. NASH & SON, First Nat. Bank Bldg.

**BY OWNER**

Within 12 min. ride of 14th st.; land is level and soil is deep and rich; fine bearing fruit trees; 4 min. ride to Alameda. Good location. Price includes improvements. This is being sold for amount of bank mortgage. Particulars—cheerfully mailed you or can arrange to show you the property. Box 12600, Tribune.

**\$2000**

For an ACRE of land close to car lines and adjoining one of Oakland's finest sections of exclusive and costly homes. Can be bought on terms of payment. Buy an acre now and watch the homes gradually come toward your property. Then cut up into smaller lots and make your profit. This is the way most profits are made. Thousands of people here are now trying to find homes. Many people are now buying land on the rising market. Why not you? The cash payment will start you on the way to independence. OWNER, Box 2462 Tribune.

**\$110 DOWN—\$11 PER MO. 45 FEET DEEP ON HIGH STREET**

**HIGH SCHOOLS TO PROVIDE ESCORT**

Six companies of the Reserve Officers' Training Corps of the Oakland high schools will act as an escort of honor in the march of veterans from Forteth street and Piedmont avenue to the Mountain View Cemetery in Piedmont, opening the Memorial Day services on Monday morning, May 31.

The high school cadets will be commanded by Captain W. J. McRae, director of the R. O. T. C. of the United States army. During the services at the sites of the various memorials, the members of the United Spanish War Veterans in the cemetery, the six companies of scouts will also furnish the firing squad.

A call for another meeting of the general Memorial Day committee tomorrow morning at 10 o'clock in the memorial assembly room in the city hall will be issued by J. E. Steapham, chairman of the committee. Final details will be completed on the services at the G. A. R. and Spanish War Veterans plots in Mountain View Cemetery. Monday morning similar services in the afternoon at Evergreen Cemetery in Milpitas and special services in honor of the navy's dead on Lake Merritt Sunday afternoon, May 30.

**MAGIC FAILS TO GIVE RAIL FARE, HE SUES**

Leon Levy, magician, sleight-of-hand artist and general prestidigitator, is an adept at making money disappear, according to the testimony of Manuel Perry, formerly Levy's assistant, in a vaudeville mystery act, before Judge Harry W. Puleifer, in a suit to collect \$77. The \$77 was for Perry's rail fare from Chicago to Oakland, his home, after Levy had left him.

Perry, who conducted his own case, saying he had no money for a lawyer, insisted he was engaged for the season, with an agreement that his fare back to Oakland would be paid from the last place of performance. When they reached Chicago, he said, Levy told him he had to leave.

Judge Puleifer gave judgment for \$71.88.

**Month's Exports Fall Off by \$135,000,000**

WASHINGTON, May 20.—Exports for April decreased \$125,600,000, while imports fell off \$20,900,000, as compared with the trade figures of March, it was announced by the department of commerce.

**SALVATION DRIVE TO CLOSE SUNDAY**

Major Carl Spott, western department air service, will lead the aerial parade over Oakland at noon on Saturday, prior to the Salvation Army Aerial Derby at Duran Field Saturday and Sunday. Each day's program will be concluded with an aerial combat. One group will represent the enemy, while a second group will represent the Allies.

Fifty pilots will be present when the big fleet takes off at Duran field Saturday at 11:30 o'clock. In order to prevent as many contestants as possible from squandering all money out of sight, telling him he would have to get another job to effect the transfer across the continent. Instead, Perry wired home to mother, who forwarded a ticket. The "A" kangaroo court will be held tomorrow, with the Rotary, Elks, Lions and Kiwanis clubs participating at a convenient downtown street corner. Policemen appointed by the clubs will go out and arrest prospectors looking individuals who will be haled before the court and tried.

The Army Home Service campaign has been extended until Sunday evening. It is expected that this added three days will materially assist in putting the East Bay district "over the top."

The county allotment amounts to \$80,000.

The "A" kangaroo court will be held tomorrow, with the Rotary, Elks, Lions and Kiwanis clubs participating at a convenient downtown street corner. Policemen appointed by the clubs will go out and arrest prospectors looking individuals who will be haled before the court and tried.

The police say that Joseph and Antone Pedoni and the latter's son, Antone Pedoni, Jr., are serving time for the murder of Gaetano Ingrassia, a crime which is said to have grown out of blackhand operations.

Pedoni leaves a widow and five children.

Mrs. Emily Jane Kesseling, an early California pioneer, died Sunday at the home of her daughter, Mrs. Craigie Sharp, 444 Sycamore street. Mrs. Kesseling celebrated her ninetieth birthday last January. The Kesseling sailed from New York in 1856 aboard the "George Law." In crossing the Isthmus their train was wrecked, killing 200 travelers. They opened a first hotel at Biggs' Ranch near Oroville. Mrs. Kesseling was the only woman within many miles. She was born in Ohio in 1836.

Besides Mrs. Sharp, a daughter and two sons survive. They are Miss Marlon Kesseling, Almon and Emmanuel Kesseling.

**REFUSED BATH, WORK, SAYS WIFE**

Judge J. J. Trabucco made a new record when he disposed of two divorces and a suit in foreclosure in 12 minutes. The record was made while Judge Trabucco was sitting for Judge A. F. St. Sur in department of the superior court.

In virtue of foreclosure judgment for \$35,256 was given to M. Rinehart, Clara, wife, as administrator of the estate of Joseph S. Myers. The suit involved a piece of property at Seventeenth street and Telegraph avenue.

Mrs. Mamie Monroe testified that she left Earl J. Monroe twenty-three

days after their marriage in Modesto on July 6, 1919, because he refused to take a bath with her and taught her to eat putrid meat on the road and refused to do any work upon their ranch. Judge Trabucco said he would grant a decree upon the filing of a deposition.

William L. Bigler was granted a

divorce by Mrs. Georgia V. Bigler

with custody of Harold, aged 10, upon his testimony that his wife deserted him on March 1, 1919, without giving any explanation of her action, adding that he had not seen her since. They were married in Oak-

land on June 3, 1909.

Under the terms of the real estate

license law enacted by the last legis-

lature and subsequently upheld as valid by the Superior Court of Cali-

fornia, Newman will not be per-

mitted to transact real estate bro-

kage business in this state. New-

man has ten days in which to appeal to the Superior Court of this county

for an appeal from the decision of the commissioner and the Superior Court. If appeal is taken, is limited in its review of the case to a con-

sideration and determination of the question whether there has been an

**REALTY DEALER'S LICENSE REVOKED**

E. B. C. Newman, proprietor of the People's Realty Company, 1230 Washington street, was today de-privated of his license to conduct real estate business in California by State Real Estate Commissioner Ray L. Riley, as a result of a formal hearing held before Riley two weeks ago on charges of misrepresentation brought against Newman by six of his former clients.

This is the first case of this kind affecting an Oakland concern resulting from the operation of the new real estate law. Newman was found guilty by the commissioners of having deliberately misrepresented the character of an exclusive authorization to sell which he induced his clients to sign. It was shown that he made a practice of assuring his clients that his document was a sole commission agreement and in reality it was an exclusive contract for six months to one year.
